

Compact Container, WA 5

Multi-talent for transporting books or can be used as side or filing container. Both shelves have binder height. The upper shelf is completely open (D 540 mm), the lower board has an asymmetrically separated back (D 298/219 mm).

Can be used from both sides.

Corpus from veneered wood/plastic coated, four wheels with 1 2 3

75 mm diameter, two with stop, treads from grey rubber.

W 540 mm, D 540 mm, H 915 mm, shelving height 350 mm

Order-No. B 7865 000 BW

Our Specialists

Removal Container, WU 1

Special container for moving books. Ergonomic handle-height and large wheel diameter for an easy handling. Available in two heights. For securing the books during the transport, we offer a version with additional tension straps. The media are facing towards the employee and can be easily stored in the shelves to the left or right.

A great advantage – particularly for narrow aisles as you do not have to bend to the side to reach into the container.

● Frame from round tubes, 28 mm diameter,

1 2 corpus from veneered wood/plastic coated, four wheels with 150 mm diameter, two with stop, treads from grey rubber.

W 600 mm, D 600 mm, H 1180/1500 mm, shelving height 295 mm, board depth 250 mm

Order-No. B 7868 15M BW Höhe 1180 mm, with tension straps
B 7868 25M BW Höhe 1500 mm, with tension straps

Order-No. B 7869 15M BW Höhe 1180 mm, without tension straps
B 7869 25M BW Höhe 1500 mm, without tension straps

Heavyweight Transporter, WB 30

Sturdy special book trolley for extreme loads. Handling is facilitated by the large diameter of the wheels. Frame from square tubes 30x30 mm, lacquered, side panels and shelf boards from veneered wood/plastic coated, four wheels 1 2 with 200 mm diameter, and treads from grey rubber.

W 1000 mm, D 600 mm, H 1205 mm, shelving height 340 mm

Order-No. B 7867 0W0 BW

Book Return Container, WR 1

Mobile, lockable return container with removable book basket. The opening for posting is equipped with a security system to prevent unauthorized access or grabbing. Return Systems

Media Return Cabinet for Books and AV Media, WR 2

Stationed, lockable return system with double function:

On one side return of books which slide through the posting opening along a slanted board into a mobile stockroom container. The stockroom container can be removed by opening a lockable door. The opening for posting is closed by a special mechanism while the container is removed.

On the other side a separate posting opening for the return of CDs, DVDs, Videos, etc. The AV media, too, slide along a slanted board into a separate box which can be individually locked.

Corpus and stockroom container from veneered wood/plastic coated, grey-metallic, with **1 2 3** variable edging in veneered wood/plastic coated,
 W 620 mm, D 1150 mm, H 1240 mm

Colour Range

Colours carry a large expressiveness and are effective at first sight. Particularly in architecture does colouring play an important role. We are offering you the possibility of individually combining different surfaces with an extensive colour programme in order to design your furniture.

Return Systems for the Interior and Exterior

Price group

A

Free-Standing Media Returning System CORBIS

Stationary, lockable returning system. It comes with a metal case which is suitable for interior and covered exterior use. Has a solid metal drawer on one side where media will be inserted. The bottom lowers when closed and the media slide over a slanted plane into the attached spring-floor container.

Once the container is full or has been removed for emptying, the drawer is automatically locked. The display indicates red. Attaching the empty container into the case will unlock the drawer. The display shows green. The system operates exclusively on a mechanical basis; no electricity required.

- Case: lacquered metal, incl. fastening material on the floor, W 600 mm, D 1200 mm, H 1330 mm. Reversible door hinges. Stainless steel version upon request.

Solid drawer runners with self-retraction and damping for soft closing. Vandalism-protected, inner recessed grip and perforated bottom as protection against misuse through liquids.

Interior size of drawer W 365 mm, D 310 mm, H 90 mm. Insert-height respectively upper edge of drawer 1240 mm..

Media Returning System CORBIS incl. drawer without spring-floor container

Order No. B 7890 000 XX

Spring-Floor Container

We recommend using at least two spring-floor containers for a more comfortable emptying. The container comes with a spring-floor with controlled floor lowering; this means: the more media there are in the container the more the floor lowers. With maximum floor lowering – when the container is full – a mechanism automatically blocks the drawer and the display turns red.

- 1 2 3 Wood plastic coated, light grey, W 440 mm, D 1060 mm, H 800 mm incl. 4 wheels, 2 with stops
