# CUBES

## FOR RATIO, UNIFLEX, QUADRA AND RONDEA

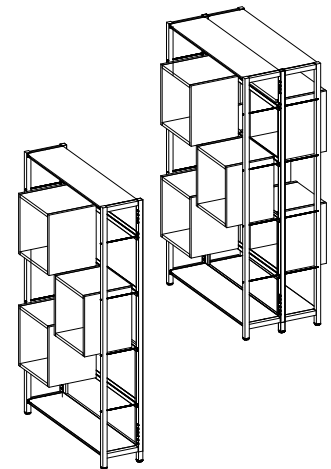

SMART DISPLAY

### *Function and design!*

Bring colour into your library with Cubes. They can be used as display for books, art, decoration or similar. You are sure to catch the attention of passersby with these colourful Cubes in your library.

Cubes are a supplement to our shelving systems Ratio, Uniflex, Quadra and Rondea and offer numerous options.

They fit into the shelving modules and are available for both new shelving systems as well as a supplement to already existing shelvings. It is also possible to use Cubes in shelving systems from other suppliers. Ask customer service for more information.

Dimensions:  
H404 x W400 x D330 mm

Material:  
Cubes are made of 25 mm E-1  
quality particle board with  
melamine finish and ABS borders

Cubes are available in the following  
standard colours:

Orange décor  
Green décor  
Flame red décor

Other colours are available upon  
request.

Cubes can be used in various  
combinations and fit in both single-  
and double-sided shelving. They are  
mounted on shelving using special  
cubes traverses.

Spice up your library with Cubes! Replace traditional shelves with colourful Cubes and create new functions in your library, as well as giving your library a new, modern look!
