DESIGN EUROBIB DIRECT

PLUS-SERIES

VERSATILE, COLOUR STRONG, DURABLE

PLUS-SERIES consists of a wide range of library furniture. Everything from book trolleys to children's shelving and a whole lot more in between. The common factors with all Plus furniture are: Surfaces are finished with Polyrey laminate to ensure water resistance and durability, all panels are manufactured in plywood and have a visible plywood edge detail and at last, due to the materials used, colour options are endless! All standard colours are held in stock so we can offer fast delivery times; however, if you would like to choose your own colour from the Polyrey laminate range, please contact us for details and options on colours and delivery times.

THE SHOWALOT COLLECTION

MULTIFUNCTIONAL SOLUTIONS

If you're looking for flexibility in display the Showalot range is your answer. Easily combine single sided display units to create double sided tables or computer workstations, or simply create double sided display units! Flexibility is the key! Design : Louise Hederström

Showalot Board Plus

All-round solution for front-facing display of books and other media. Two products in one, one side of the board and shelves is BLACK, and the reverse side is WHITE. Equipped with five adjustable shelves.

Showalot Ladder Plus, black or white

Equipped with five adjustable shelves with front lip. Can be positioned against a wall or can be used as a freestanding unit by placing the two sections against each other. Easy to adjust the clearance between shelves, reposition or put away as required. Very space efficient. Includes adjustable feet and fittings for fastening the two sections together. Easy to assemble.

Showtall Plus desk plate, black or white

With a smart extra optional set of desk plates, Showalot Ladder can be converted into a search station with a variable working height. Join the two sections together, remove 4-5 of the shelves on one or both sides and insert the larger desk plate at the appropriate working height and the smaller desk plate at the bottom.

High pressure laminate (HPL) is highly resistant to shocks and scratches, while the material continues to look like new, even in demanding environments. Contact our Customer Service +45 7678 2611 for further information.

Showalot Picturebook, black or white

All-round, lightweight stand for face-forward display of picture books. Two movable shelves with raised front edge lip. Position by leaning against wall. Supplement if necessary with angle brackets to fix ladder in place (not included). Also available as stand-alone; just join the two sections together.

Readalot Plus desk plate, black or white

With a smart extra optional set, Showalot Picturebook is simple to convert into a versatile reading/play table with the desk plate variable in height. Height options : 605 or 710 mm.

Boomerang Plus display table, black or white

Double-sided display table unit for forward-facing display with space for two titles stacked vertically. Capacity approx. 100 standard books.

Boomerang Mini Plus, white

A smaller version of Boomerang, but not as deep and significantly lower. Attractive and easily accessible place for board books and other children's literature. Castors are available. Capacity approx. 160 picture books.
